

EAGER TO BEGIN ROAD-BUILDING

Supervisors Gather Here Thursday to Discuss Link Between Richmond and Carolina Line.

On Thursday night delegates interested in the construction of that link in the capital-to-capital highway lying between Richmond and the Carolina line will gather in the club rooms of the Richmond Automobile Club in West Broad Street and discuss ways and means for building the road at the earliest possible moment.

The proposed route of the highway will be via Petersburg and Emporia, and it is understood that many of the more public-spirited citizens along the route are ready now to give financial aid to the project. Present at the meeting here will be the supervisors of roads in the several counties through which the road will pass, the Mayors of Louisa and Emporia, members of the Legislature and several prominent business men.

May Form Permanent Organization.
As in the meeting held between those interested in the roadway from Richmond to Petersburg, it is expected that a permanent organization will be formed, county committees be formed, and the work of securing the necessary State aid and other funds be begun at once.

While here the delegates will be the guests of the club and the Richmond Hotel, and immediately after the business meeting will be entertained at a banquet to be given in the club rooms at which the delegates will be met by some of the men most prominently identified with good roads in the State.

It is possible that the question of raising \$5,000 for the Peninsula road will be discussed, and it is expected that the request from the State will lay with the Executive Committee.

Interest in good roads is spreading throughout the State, and nowhere is this more intense than along the route of the proposed Richmond to Carolina highway.
